

MageTitansNL

Groningen - June 7th 2019

Sponsorship Document

What is MageTitans?

Mage Titans is a non-profit technical conference organized for the Magento Developer Community. Originally the brainchild of Jon Woodall at Space 48, Mage Titans was created to give back to the community and to reach out to like minded individuals and companies. The conference, launched in Manchester UK as an annual event, is now spreading all over the world with countries as, Italy, Spain, Mexico, USA and now The Netherlands. All this thanks to the growing positive response from the community members that attend, speak and sponsor.

Mage Titans Netherlands

In 2018 the first edition of MageTitans Netherlands was organized by Elgentos & MediaCT. We welcomed almost 100 attendees that year and are eager to make this great event even bigger in the next years.

Why MageTitans?

In the fast pace of Magento e-commerce growth we face a constant race to acquire the necessary skills to keep up with the latest technologies and know-how.

That's why Mage Titans content has been designed by Magento Developers for Magento Developers.

Mage Titans has not only garnered online and social attention but also physical attendees from all around the world. The aim of the conference is to offer affordable access to the world's biggest and best thought leaders and innovators, and offer a space for Magento developers to network and share knowledge with their peers.

To reach this aim, we use following core principles:

- To promote connection, collaboration and communication among the Magento community.
- To encourage self-improvement.
- To create a fertile ground for exploratory discussions with Magento experts.
- To make the world a better place to live by giving back through charitable projects.
